

## NITISH KUMAR

B.Tech. - Chemical Engineering

Gender: Male

Date of Birth: 28/06/2002

E-mail: tp@nitt.edu

Contact: +91-431-2501081

### Educational Qualification

| Year           | Degree/Examination | Institution/Board                                 | CGPA/Percentage |
|----------------|--------------------|---------------------------------------------------|-----------------|
| 2020 - Present | B.Tech. - Chem.    | NIT, Trichy                                       | 8.15            |
| 2019           | Class XII          | +2 High School, Govindpur, Nawada, Bihar, BSEB    | 88%             |
| 2017           | Class X            | T. V. High School, Govindpur, Nawada, Bihar, BSEB | 85.8%           |

### Academic Achievements

- Selected for **RECAL Scholarship** (Silver 72) by Alumni of NIT Trichy for academic year 2022-23.
- Secured **Second** place in State Science Seminar - 2014 on "**Innovations in Agriculture for a Sustainable Future – Prospects and Challenges**" Organized by Birla Industrial and Technological Museum, Kolkata, in Collaboration with SCERT, Govt. of Bihar.

### Internship Experience

- PROCESS ENGINEER INTERN at ONGC Mehsana, Gujarat:** Jun 2023 - Jul 2023  
During my in-plant training at Oil and Natural Gas Corporation Limited Mehsana, I effectively employed my Chemical Engineering knowledge, acquiring significant insights into the **Crude handling process** and **industrial operations** under the Surface Team. Exposed to various equipment, such as IDBH, two-phase separator, **Knock-out drum**, and **Heater treater**, covering their **design** and **working**. Crafted a precise report, culminating in a successful internship.
- QUALITY ASSURANCE INTERN at Toolfab Engineering Pvt. Ltd., Trichy:** Dec 2022 - Jan 2023  
The company manufactures heavy engineering fabrication components, viz., **windmill towers**. I unrolled my analytical skills in assessing manufactured products to maintain **quality standards**. Learned about various **Auditing** and **Certifications** to regulate product quality in the industry's supply chain. Authored an extensive report spotlighting the **safe** manufacturing practices in industries and delivering quality products to customers.
- INDUSTRIAL INTERN at Brakes India Pvt. Ltd. (TVS Group) Chennai:** Jun 2022 - Jul 2022  
Underwent industrial training in rubber hose **production** process at Brakes India Private Limited's Hose and Rubber unit in Chennai, India. The training provided valuable insights into the various stages of the process, the **equipment** used, and the quality control measures in place. The information gained from the on-site visit and academic knowledge has enriched the understanding of chemical engineering principles applied in an **industrial** setting.

## Projects

---

- **Chemical Process Modelling and Simulation with MATLAB:** Apr 2023  
In my comprehensive Project on Process Modelling and Simulation, I employed MATLAB to **model** and **simulate** diverse chemical engineering problems, such as steady-state and transient processes, optimizing reactor control, and handling multi-domain heat conduction problems. I gained valuable experience in **problem-solving**, mathematical modelling, and **optimization** through this project, showcasing my proficiency in applying MATLAB to complex chemical engineering scenarios.

## Technical Skills and Certifications

---

- Programming Languages : Python, C++
- Engineering Software : MATLAB, COMSOL, Aspen+
- Other Software : Microsoft Word, PowerPoint, Excel, Notion

## Positions of Responsibility

---

- **President at The Lifestyle Club, NIT Trichy:** May 2023 - Present  
OSS is the lifestyle club of NIT Trichy, which promotes spirituality and mental wellness through a scientific and practical approach. Responsibilities include **spearheading** a dynamic team, program coordination, **networking** and collaboration, and financial management. Enhanced the club's impact and relevance resulting in an increased footfall of 50%.
- **Head of Workshops Team at Alchemy, NIT Trichy:** Sep 2022 - Present  
Alchemy is a national-level Chemical Engineering technical symposium. Responsibilities involve contacting experts for conducting technical and non-technical workshops. Coordinated with team members to successfully organize workshops on "**Aspen Plus**" and "**Application of AI/ML in Chemical Engineering**" for Alchemy 2023.
- **Manager at National Service Scheme, NIT Trichy:** Sep 2022 - Jun 2023  
NSS provides hands-on experience to young students in delivering community service. Work involves ideating and executing events that can spread about socio-environmental issues among students. Worked as a team to conduct various events, such as **NSS Special Camp** for High School students, **Eye Check-up Camp** and **Blood Donation Camp** at the NIT Trichy campus.

## Extracurricular Activities

---

### Subject-matter expert:

- As a science tutor at the **Filo Tutor**, helped students to study safely amid the Covid-19 Pandemic.
- Taught 100+ regular students online across India with 200+ teaching hours through the App.

### Social Activities:

- Transcriber at **PrashantAdvait Foundation**, which spreads awareness about emerging social and global issues like **climate change** and **global warming** through YouTube videos and articles.

### Sport Activities:

- Completed a 10 km Marathon in 54 minutes in **Sportsfete'22**, a sports fest organized by NIT Trichy.

### Cultural Activities:

- Secured **Second** place in **Jhankaar**, a singing competition in **Umang'21**, organized by Aayaam.
